CHRISTMAS 2026

# Christmas 2026

## *The Art of Elegant Gifting*

*The holidays are a time to pause and appreciate those around us. Gifting a thoughtfully curated holiday scent—a cherished tradition—elevates the act of giving beyond the ordinary. A simple yet elegant gesture, it offers moments of serenity and indulgence, filling the season with warmth and lasting memories.*

# Winter *Frost*

*A thin layer of frost blankets the trees,  
with the frozen crystals shimmering and  
dancing in the morning sun.  
Winter Frost welcomes the winter season  
with its complex blend of White Birch,  
Oud Wood and Winter Greens.*
