SUSTAINABILITY
PRODUCT | PLANET | PEOPLE

We are committed to environmental responsibility and are on a journey towards minimising our ecological footprint. We actively seek ways to be more eco-friendly throughout our operations. This includes reducing packaging, designing reusable **Products**, and providing clear guidance on recycling. We understand that sustainability is an ongoing journey of continuous improvement, and we hold ourselves accountable to lessening our impact on the **Planet** whilst protecting and empowering the **People** in our global supply chain.

PRODUCT

Responsible Materials

We are transitioning all of our product ranges to FSC-Certified paper, wood and packaging, supported by our FSC Chain of Custody Certification, to ensure materials are sourced from responsibly managed forests.

Cruelty-Free

We reaffirm our long-standing commitment to never conduct or commission animal testing. None of our products are tested on animals, in line with PETA-approved standards.

Packaging with Purpose

We design packaging to minimise environmental impact by reducing plastic, increasing recycled content, and improving recyclability wherever possible.

PLANET

Climate Action with Ecologi

Through our partnership with Ecologi, we support a growing portfolio of verified climate projects. These include carbon avoidance initiatives, such as distributing cleaner cookstoves in Kenya, alongside carbon removal projects like regenerating agricultural land in Europe and global reforestation efforts.

Tree Planting

As part of our carbon offsetting efforts, we partnered with Carbon Footprint to plant 200 trees at a primary school in Bath—giving back to the environment and our community.

Carbon Measurement

We measure our operational carbon footprint across our global business and are expanding this work to better understand emissions across our supply chain. We prioritise reducing emissions at source and support verified climate projects for the impact we cannot yet eliminate.

PEOPLE

Responsible Sourcing

Our Supplier Code of Conduct sets clear standards for labor rights, safety, and ethical practices. We ensure alignment with the Ethical Trade Initiative's Base Code.

Community Impact

We have donated over £413,741 to our giveback partners, including the National Park Foundation, St. Jude Children's Research Hospital, and Humane World for Animals.

Human Rights

We are committed to ensuring that the whole supply chain and people behind our products are treated fairly, ethically, and safely, in line with the United Nation's guiding principles.

We appreciate your partnership - it allows us to support these missions that are so important to all of us.

FRAGRANCE

Thoughtfully Designed

Paddywax vessels are known to be unique, on trend, giftable, and special. Each candle is designed with purpose in Nashville, TN and poured with artisan fragrances sourced from nature's finest ingredients to complement the design.

Cruelty-Free

All of our candles are made with soy wax blend, and cotton or wooden wicks, and are never tested on animals. They are free of formaldehyde and phthalates.

Designed to be Repurposed

Paddywax candles are intentionally crafted to be repurposed and to have a long-lasting second life in the home once the candle has burned.

Paddywax Fragrance Library | Fall 2026

here's how™

We created **Here's How** with a simple idea - to craft delicious cocktail (or mocktail) mixers with quality, fresh ingredients and offer ways to serve them in style.

By crafting a culture designed around effortless mixing, our mission is to enhance the social experience and cultivate joy and connection in the process.

Our journey is also about giving back. At **Here's How**, we are committed to ensuring a better life for animals across the globe. That's why we proudly support Humane Society International. All of our products are named after our own furry friends, honoring their positive impact on our lives.

Welcome to modern mixology – *created for living.*
