KRINGLE CANDLE[®]

COMPANY

A HERITAGE IN FRAGRANCE

Hello, I'm Mick Kittredge III, President of the Kringle Candle Company. My family has been in the candle business for over 40 years. You may remember my father, Michael Kittredge II, the founder of the Yankee Candle Company. His passion for fragrance and quality transformed a small basement startup into a highly successful business that became the candle industry model. Many specialty retailers would say "things just aren't the same" or "the candles just don't smell the same anymore." We realized there was a void in the core candle market and this compelled us to begin crafting scented candles once more. Since 2009, we have been the leading manufacturer of our all-white, exquisitely-scented Kringle Candle brand.

In 2017, we introduced our first highly-scented colored candle brand, Country Candle. The original Kittredge family recipe of yesterday and today, "The way it used to be."

Country Candle, just like Kringle Candle, is made in the USA. incorporating American ingredients and handcrafted from start to finish in Bernardston, Massachusetts. As a family-owned business, our passion and love for this craft is what drives us to create the world's best scented candles. We emphasize quality above all else. It truly is "The way it used to be."

Kringle Candle Company & Country Candle

KRINGLE CANDLE® MADE IN A M E R I C A

At Kringle Candle, we help create and preserve jobs all over the United States and North America. Our all white candles fit and flatter every décor and are truly Made in America—proudly poured right here in Western Massachusetts.

Our best selling Classic Jars are molded in Ohio, the wicks that create the flame are woven/braided in New Jersey, the wax that fills them is pumped and refined in North America, and the authentic fragrance oils that set Kringle Candle apart from the crowd are formulated in New Jersey, Florida and other parts of the USA.

Kringle Candle's unique scents are often based on customer suggestions, and scent labels (designed by our creative team) are printed locally in Massachusetts. From designers to lab testers to production people to packagers; office teams, warehouse staff, truck drivers and more, countless jobs are tied to making and delivering these components. Our team of chandlers puts these domestically-created parts together with pride and precision—bringing you the best candle products—second to none.
