We are
passionate
about the
products we
design and
are *equally*
passionate
about our
people and
community.

At DesignWorks Collective, we are passionate about the product we design. We believe in not just *making products*, but in creating products that fit a need and fill a void. We aim to design, package, and produce our candles, stationery, coffee, gifts, and grooming lines with an overreaching goal to be thoughtful in our collaboration and design and to bring joy to our amazing retail partners and customers.

We are equally passionate about investing in our people and our community and truly believe we can make a difference. In 2020, we added solar panels and a solar carport to our DesignWorks Collective headquarters, and found new ways to volunteer in our community during difficult times.

In 2021, Paddywax donated a portion of sales to planting trees in partnership with **One Tree Planted**. Half of the donation went to planting trees near our Nashville headquarters in the Appalachian region, and the other half in British Columbia to combat wildfires. This year, Paddywax will continue its minimum donation of 10,000 trees in North America, while also donating to projects in our new regions of distribution in the United Kingdom, Europe, and Australia.

Thank you all for making our products a part of your living spaces, morning routines, dinner parties, camping adventures and everything in between. We've been blessed and will make a continued effort to pay it forward to our people, to our community, and to our planet.

With Love,
DesignWorks Collective

CYPRESS & FIR

A fine fragrance with notes of frosted fir needle, white eucalyptus, and crushed pine cone.

Inspired by native cypress trees, cozy fireplaces, and the feeling of togetherness, **Cypress & Fir** blends curated artisan vessels and unique illustration with fragrance to bring the aroma of a fresh forest into your home. Each piece, from hand-blown glass, to matte textured ceramics, is designed to evoke a sense of holiday cheer that carries throughout the season.

Enjoy!

How to REPURPOSE

Paddywax candles are designed with repurposing in mind so they can have a second life after burning! Throughout the catalogue are many examples of ways to repurpose your vessels from drinkware to planters – the possibilities are up to you!

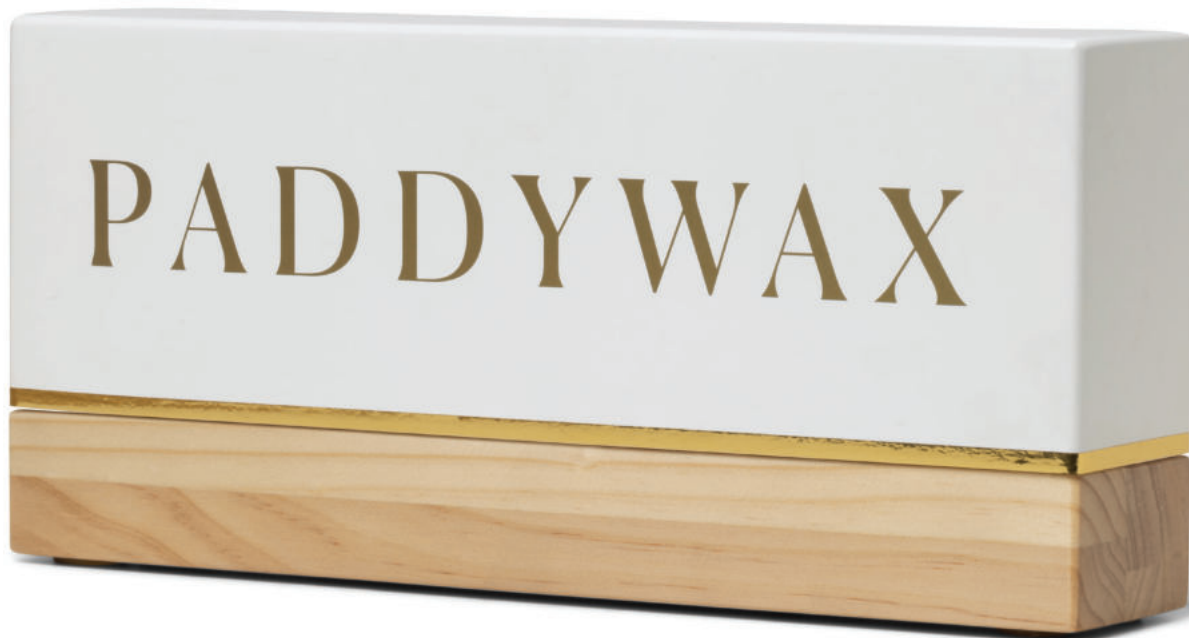

To fully remove the wax in the vessel we recommend the following method –

1. Place the used vessel in the freezer overnight.
 2. Once frozen, lightly tap the vessel on a soft surface until the wax pops out.
 3. Using a utensil and a soft cloth, remove any remaining wax, wick, or glue dot.
- Enjoy!
