5 OZ CANDLE £15 / €18 RRP

How to repurpose into a self-watering planter after the Folia candles have burned and wax has been removed...

02.

Using the base piece, fill the reservoir half full with fresh water.

01.

Remove the label from the bottom of the planter to expose the drainage hole, then add a plant.

03.

Place the planter within the base piece, and there you have it. Refill as needed. Enjoy!
