We are equally passionate about investing in our people and our community and truly believe we can make a difference. In 2020, we added solar panels and a solar carport to our DesignWorks Collective headquarters, and found new ways to volunteer in our community during difficult times. We were also able to plant over 10,000 trees this year and give back to organizations we are passionate about through the support of our local and global retail partners.

-solar panels at our headquarters!

Thank you all for making our products a part of your living spaces, morning routines, dinner parties, camping adventures and everything in between. We've been blessed and will make a continued effort to pay it forward to our people, to our community, and to our planet.
