

VOLUSPA

Hand-poured in CALIFORNIA.

Intensely Fragranced.

Creamy Clean-Burning Coconut Wax.

Pure Joy.

ENLIGHTEN ENTERTAIN & INSPIRE

A flame starts with a spark. A spark of inspiration and curiosity.
A spark of care and dedication, carried forward by perfumers,
engineers, and designers. Every Voluspa candle is hand-poured
in California. Every unique vessel is created by our artists. Every
fragrance is meticulously hand-crafted, using only the finest ingredients
sustainably sourced from around the globe. Our pioneering blend of
coconut wax burns cleaner, longer and brighter. It takes dozens of
expert hands to bring a sensuous experience like this into your home.
It takes a holistic vision of attainable luxury — from our solar-powered
facility right down to our labels. An atmosphere that enlightens,
entertains and inspires.

THE ROSES COLLECTION

Our "ROSES" Collection is a fragrant homage to the undisputed Queen of Flowers. Every ingredient was meticulously selected to compliment the specific rose type in each fragrance. Each flower, growing region, and method used to extract the fragrant oil is different. It is truly art to get the nuance of a rose into a bottle...or into the most luxurious wax in the candle industry for that matter.

NEW! TRAVEL DIFFUSER

Iconic Japonica pattern is precision-cut out of stainless steel and plated with a shiny gold finish. Simply insert fragrance cartridge into travel diffuser and attach to car ventilation to diffuse.

HOW IT WORKS

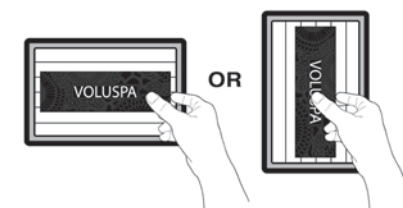

- 1 Remove the scented cartridge from the package.

- 2 Insert into diffuser case from right side. Cartridge is properly installed when you hear a light "snap".

- 3 Attach diffuser to the air vent.

- 4 Attach diffuser to the air vent.
Can be attached horizontally or vertically oriented.
